OPEN AND CLOSE YOUR DOOR TWICE AS FAST WITH A RAPIDO™ OPERATOR

Manaras-Opera is pleased to announce the launch of the **RAPIDO™** brand of High-Speed Operators to their line of Commercial Door OPERATORS.

The **RAPIDO™ RSH**, the first model to be released, is specifically designed for sectional doors and offers a door speed **2X** faster than other standard jackshaft operators.

The **RAPIDO™** operators are backed by the **OPERA** brand's philosophy - providing excellence through innovation and reliability.

Features

- Smoothly manages **Soft-Starts** and **Soft-Stops** for improved longevity and reduction of wear and tear of the complete door system.
- **2X** faster door speed up to 24"/sec depending on sprocket selection. Output shaft speed: 88 rpm.
- On-board control provides enhanced performance and reliability.
- Continuous-duty switchless motor, available in 1HP.
- Flanged cast iron pillow block bearings on input and output shafts increase the operator's durability.
- Solenoid brake (band type).
- Patented **Accu-cam®** limit adjustment feature.
- Quick and easy installation and maintenance.
- Equipped with electrical control for **MONITORED** external entrapment protection devices, which includes Nema 4X monitored photo cells (**PHOTO 061**) and an on-board radio receiver.
