### Manaras-Opera Introduces an Opera Dip Switch Radio Control Line

Manaras-Opera is pleased to introduce their new and improved **OPERA** brand of Dip Switch Radio Controls: **RADIOEM 903**, **RADIOEM 932** and **RADIORE 900** to their line of Accessories.

The **OPERA** brand name has become synonymous with innovation and reliability.

#### Product Details

- Features enhanced electronic dip-switch technology.
- Improved product quality, reliability and durability.
- Greater signal connection range up to 100 Ft (30 m).
- Designed for new installations or can retrofit with older generation Manaras-Opera dip switch radio controls. Old and new generation radio controls can be mixed and matched.
- Compatible with most commercial operator brands on the market.
- Compatible with operators featuring an Electronic Control Board **BOARD 070** (and prior) or Hardwired Control.
- Easy installation and programming in just a few short steps.

The phasing in/out process will be implemented as of 2017-09-01.
