Manaras-Opera Introduces an Opera Dip Switch Radio Control Line

Manaras-Opera is pleased to introduce their new and improved **OPERA** brand of Dip Switch Radio Controls: **RADIOEM 903**, **RADIOEM 932** and **RADIORE 900** to their line of Accessories.

The **OPERA** brand name has become synonymous with innovation and reliability.

Product Details

- Features enhanced electronic dip-switch technology.
- Improved product quality, reliability and durability.
- Greater signal connection range up to 100 Ft (30 m).
- The Series «900» line has been designed for new installations yet is also compatible and can retrofit with older generation Series «0» Manaras-Opera fixed code (dip switch) radio controls.
- Transmitter/Receiver (RADIORE900) combo is compatible with most commercial operator brands on the market.
- Easy installation and programming in just a few short steps.
- FCC/Industry Canada RF Device Approval.

The phasing in/out process will be implemented as of 2017-09-01.
