

# Compatibility Chart - Radio Controls Fixed Code / Dip Switch Technology - Series 900

Series "0" - Transmitters (Phase-out Process)	NEW 900 Series - Transmitters (Phase-in Process)
<p><b>RADIO027 (MT-1000)</b> • 1-button</p>	<ul style="list-style-type: none"> <li>• Open/Close function</li> <li>• LED indicator</li> <li>• Ergonomic design</li> </ul>
<p><b>RADIO016 (MT2-1000)</b> • 2-button</p>	
<p><b>RADIO022 (MT3-1000)</b> • 3-button</p>	
<p><b>RADIO028 (MTM-1000)</b> • 1-button keychain</p>	
	<p><b>RADIOEM903</b> • 3-Button • Operates 1 to 3 Doors • 3V cell battery • Sun-visor clip (not shown)</p>
	<p><b>RADIOEM901</b> <small>Coming Soon</small> • 1-Button • Operates 1 Door • 12V battery • Key ring (not shown)</p>

**FULL  
COMPATIBILITY**

Series "0" - Receivers (Phase-out Process)	NEW 900 Series - Receivers (Phase-in Process)
<p><b>RADIO014 (MR-1000)</b> • 10-dipswitches</p>	<ul style="list-style-type: none"> <li>• Controls 1 Operator (Door)</li> <li>• Pairs with an infinite # of identical transmitters</li> <li>• Operates on 24VAC/VDC</li> </ul>
<p><b>RADIO015 (MRX-1000)</b> • 10-dipswitches</p>	
	<p><b>RADIORE900</b> • Receiver • Easy installation on wall or directly onto the operator's control box</p>
	<p><b>RADIORE900A</b> • Receiver &amp; commercial receiver antenna • Easy installation on wall or directly onto the operator's control box</p>
	<p><b>RADIORE900B</b> • Receiver, Nema 4/12-4X steel enclosure, commercial receiver antenna</p>

Series "0" - Transmitters (Phase-out Process)	NEW 900 Series - Transmitters (Phase-in Process)
<p><b>RADIO047 (MCT-1)</b> • 1-door</p>	<ul style="list-style-type: none"> <li>• Open/Close/Stop function</li> <li>• LED indicator</li> <li>• Ergonomic design</li> <li>• Soft-touch push-buttons</li> </ul>
<p><b>RADIO042 (MCT-4)</b> • 4-doors</p>	
<p><b>RADIO050 (MCT-32)</b> • 32-doors</p>	
	<p><b>RADIOEM932</b> • Operates 1 to 32 Doors • 3-Button • 2 AA 1.5V batteries</p>

**FULL  
COMPATIBILITY**

Series "0" - Receivers (Phase-out Process)	NEW 900 Series - Receivers (Phase-in Process)
<p><b>RADIO037 (MCR-32)</b> • 8-dipswitches</p>	<ul style="list-style-type: none"> <li>• Controls 1 Operator (Door)</li> <li>• Pairs with an infinite # of identical transmitters</li> <li>• Operates on 24VAC/VDC</li> </ul>
<p><b>RADIO031 (MCR-32 N4)</b> • 8-dipswitches</p>	
	<p><b>RADIORE900</b> • Receiver • Easy installation on wall or directly onto the operator's control box</p>
	<p><b>RADIORE900A</b> • Receiver &amp; commercial receiver antenna • Easy installation on wall or directly onto the operator's control box</p>
	<p><b>RADIORE900B</b> • Receiver, Nema 4/12-4X steel enclosure, commercial receiver antenna</p>

**Notes:**

- ♦RADIORE900 fits most commercial operator brands on the market.
- ♦Manaras-Opera Series 900 Dip-Switch Transmitters/Receivers are not compatible with Rolling Code Technology.
- ♦Manaras-Opera Series 900 Dip-Switch Transmitters/Receivers are not compatible Manaras-Opera Series 100 Rolling Code Transmitters/Receivers.
- ♦Manaras-Opera Series 900 Dip-Switch Transmitters cannot be paired with the On-board Radio Receiver.

Receiver Cable Extension Kit
<p><b>CABLEKIT001</b> • Commercial receiver antenna • Coaxial cable 15'</p>
