RADIORE900

RADIO CONTROL RECEIVER
FIXED CODE / DIP SWITCH

STANDARD FEATURES

- Commercial Receiver.
- Controls 1 operator (door).
- Pairs with an infinite number of identical transmitters.
- Practical «Learn» button on front surface.
- LED indicator.
- Nema 1 enclosure.
- Easy installation on wall or directly onto operator's control box.
- Retrofits with older generation fixed code Manaras-Opera transmitters and receivers. No need to change other devices.
- Compatible with most commercial operator brands on the market.
- FCC/Industry Canada RF Device Approval.

OPTIONS (SEE REVERSE)

- The Series «900» line has been designed for new installations yet is also compatible and can retrofit with older generation Series «0» Manaras-Opera fixed code (dip switch) radio controls.
- Commercial antenna, coaxial cable, Nema 4 enclosure.

- **Featuring Innovative Fixed Code Technology**
- **Improved Product Quality, Reliability and Durability**
- **Superior Signal Range**
- **Simplified Pairing and Programming**
- **Easy Installation**

With a complete re-design, the new RADIORE900 commercial receiver features the latest fixed code technology, improved reliability and superior range.

Compatibility with most commercial operator brands on the market and easy pairing with accompanying transmitters, the receiver enables convenient access to any commercial or industrial building.

RADIORE900 conveniently retrofits and is compatible with any older generation Manaras-Opera fixed code (dip switch type - series «0») transmitter or receiver.
