PNEUMATIC KIT COMBINATIONS

To make a complete pneumatic kit, the following components are required:

- 1 x airswitch (AIRSWITCH007 or AIRSWITCH009)
- 1 x hose plug (PLUG005)
- 1 x coil cord or take-up reelite (depending on the height of the door)
- Air hose (HOSE001) total width of the door + 2 extra feet (to provide enough length to connect it to the airswitch)

Please refer to the following pictures, which illustrate our pneumatic kit combinations:
